BradyPrinter S3000 Sign & Label Printer

BradyPrinter S3000 Sign & Label Printer

Easily print reliable signs for more safety & efficiency

www.bradyeurope.com/S3000

Print a wide range of labels & signs

With the BradyPrinter S3000, you can print a wide range of signs and labels to increase safety and efficiency in any workplace. Safety signs, floor marking, 5S labels, lean labels, labels to identify racks, doors, stairs, bins, desks and chairs and CLP-labels to identify chemicals can all be printed in monocolour at your location whenever you need them.

Designed to last

The BradyPrinter S3000 prints on Brady's industrial grade vinyls that offer 8-10 year outdoor durability, and on polyesters including ToughStripe floormarking. Signs & labels printed with the BradyPrinter S3000 can be used both in- and outdoor, which is extremely useful for safety & facility identification in large plants, in and around production halls, warehouses and logistics & distribution centres. Brady's sign & label materials are designed to last in industrial environments and have been tested in line with international ASTM test methods. Technical data sheets are available for every sign & label material.

Extremely easy to use

The BradyPrinter S3000 is extremely easy to use and features auto-calibration and automatic label material setup. This will enable you to just walk up to the printer and start printing the signs and labels you need. Switching to another label material is easy and extremely fast thanks to the printer's 'drop-in' label materials and matching ink ribbons that can be switched out in less than 20 seconds. When used with Brady Workstation apps, a wide variety of sign & label design options becomes available.

BradyPrinter S3000 Sign & Label Printer

Printer specifications

Applications	Workplace Safety & Compliance; Lean; 5S & Visual Workplace; Facility; Maintenance & Operations ID; Buildings & Grounds; Logistics/Warehousing
Specifications	
Print Resolution (dpi)	300
Print Speed (mm/sec)	101.6
Print Technology	Thermal Transfer
Max. Label Width (mm)	107.95
Cutter	Auto Cutter
Display	Colour Touchscreen
Features	
Colour Capability	Monocolour
Stand-alone Printing (Detached from PC)	Peripheral
Software Compatibility	Brady Workstation, Windows based driver for 3rd party software use
Continuous vs Die-cut Labels	Continuous Tape & Die Cut Labels
Recommended Usage per Day	600 x 50.80mm by 101.60mm labels per day, 300 larger labels per day. 8 hours / 5 days
Materials Supported	Cold Temperature Tape; Indoor/Outdoor Grade Vinyl; Low-Halide Polyester; Magnetic Supply; Metallized Polyester Tape; Photoluminescent Tape; Pre-Printed GHS/CLP Labels; Pre-Printed Sign Header Labels; Push Button and Raised Panel Labels; Reflective Tape; Repositionable Vinyl; Tags; Tamper-Evident Metallized Polyester; ToughWash Washdown Resistant Labels; Toughstripe Floormarking Labels
Compatible Media	B30EP- B30C- B30-
PC Connectivity	Yes
Connectivity Options	USB
Physical Properties	
Height x Height x Width (mm)	304.80 x 241.60 x 230.60
Weight (kg)	5.30
Operating Temperature	10°C - 40°C
Approval/Compliance	UL, cUL, CE, RoHS, RCM, EAC, KCC, BIS, BSMI, Taiwan RoHS, CCC, China RoHS
Warranty	1 year
